

CALEN BOLE

Product/Design Lead with 5+ years of professional experience leading projects for both small businesses and large corporations. I apply a combination of creative and analytical thinking to translate complex problems into solutions aligned with business goals and user needs.

EXPERIENCE

Product Lead – SOULS, soulsarchive.info, February 2026 – Present

- Defined the MVP scope, design, and AI features for a B2C archiving service.
- Conducted qualitative research, interviews, and surveys with potential users.
- Managed a team of 3 developers to align feasibility, KPIs, and implementation schedules.

Design Lead – Niatec, nowbrains.com/Niatec, September 2025 – February 2026

- Redesigned the UX and CX for two distinct products: an IT dashboard and an aquatic drone.
- Integrated an AI assistant into the UX, including features, user journeys, and conversational interactions.
- Defined KPIs and integrated analytics tools to evaluate product performance.

Thesis – ENSCI, d-u-b-s.github.io/The-Design-of-the-Digital-Afterlife, September 2024 – August 2025

- Authored a Master's thesis on the digital legacy industry, presented as an interactive website.
- Modeled an ethical design framework for the digital legacy industry.
- Provided freelance design services for startups at Station F, notably Circl and Estuaire.

Senior Designer – Circl Labs, www.circl.app, September 2023 – June 2024

- Designed the product experience for a grocery price comparison application.
- Analyzed feedback from beta testers to identify usability friction points.
- Designed new features and navigation patterns to improve clarity and simplicity.

Product Designer – ArcelorMittal, corporate.arcelormittal.com, May 2023 – September 2023

- Redesigned ArcelorMittal's e-commerce platform for steel products.
- Created user personas through customer interviews and purchasing behavior analysis.
- Delivered a high-fidelity prototype of the platform along with developer specifications.
